## Press Statement

### **LACC WELCOMES PRESIDENT'S ASSET DECLARATION**

**Wednesday, June 14, 2017:** The Liberia Anti-Corruption Commission (LACC) has welcomed President Sirleaf's action to file her assets declaration within the timeframe for public officials and employees to declare their income, assets and liabilities in keeping with the new regulations.

The LACC believes that the President's action clearly demonstrates the Government's commitment to accountable and transparent stewardship, as well as a motivation for others to declare.

The Commission therefore calls on all public officials and employees of Government who are required to declare their assets pursuant to the Code of Conduct to do so on or before the last Friday of July 2017.
