REPORT OF THE COMPTROLLER

INTRODUCTION

This report presents a commentary and analysis of the cash receipts and payments of the Liberia Anti-Corruption Commission, as well as its overall financial performance, for the Second Quarter ended June 30, 2026. It also highlights the Commission's cash position as of that date. The accompanying Financial Statements and notes cover the period from April 1 to June 30, 2026, within the budget year (FY2026.)

The Commission has adopted accounting systems and financial management policies that comply with the Public Financial Management framework of the Government of Liberia and the International Public Sector Accounting Standards (Cash Basis IPSAS). These frameworks guide the Commission in ensuring prudent, transparent, and efficient management of public funds.

The Government of Liberia remains the primary source of funding for the Commission's programs and activities through budgetary appropriations. While the Commission may receive supplementary support from development partners to support the execution of its statutory mandate, no external donor funding was received during the period under review, which ended June 30, 2026.

THE FY 2026 APPROVED BUDGET

The Government of Liberia, through the Legislature, appropriated a total of US\$4,396,037.00 (Four million, three hundred ninety-six thousand, thirty-seven United States Dollars) to the Commission. Of this amount, Compensation of Employees accounts for US\$1,869,303.00, representing 43 percent, while Use of Goods and Services amounts to US\$2,526,734.00, representing 57 percent, as presented below.

FY2026 Approved Budget		
Description	Amount	Percent

LIBERIA ANTI-CORRUPTION COMMISSION

Government of Liberia

Financial Report, June 30, 2026

In comparison to the corresponding quarter in FY2025, which recorded US\$889,710.37, the increase of US\$311,590.04 is attributable to the timely disbursement of authorized budgetary appropriations by the Ministry of Finance and Development Planning, as well as a modest upward adjustment to the FY2026 approved budget.

Donation, Grant, Other Aids

The Commission did not receive external assistance for the period ending June 30, 2026.

EXPENDITURE – OPERATIONAL FUND

Total payments amounted to US\$528,249.24, representing 44 percent of total receipts of US\$ 1,201,300.41 and 28 percent of total available cash of US\$ 1,861,409.65, which comprises total receipts and the opening cash balance.

Total expenditure decreased by US\$ 163,279.47, representing 24 percent fall compared to the US\$ 691,528.71 expended in the Second Quarter of FY2025. The breakdown of total expenditure is as follows:

a) COMPENSATION OF EMPLOYEES

Employees of the Liberia Anti-Corruption Commission received a total of US\$ 291,270.83 as basic salary. This amount represents 16 percent of the Commission's total approved annual employee compensation budget of US\$1,869,303.00 and 55 percent of total expenditure for the period.

In comparison to the US\$150,380.01 paid to employees as basic salary in the Second Quarter of FY2025, the variance of US\$140,890.82 reflects an increase in compensation, driven by an upward adjustment in the approved budget for employee remuneration

b) GOODS AND SERVICES

Purchased goods and services totaled US\$ 236,978.40, representing 45 percent of total expenditure for the reporting period and 9 percent of the approved annual budget for goods and services, which amounts to US\$ 2,526,734.00.

Expenditure on goods and services increased by 56 percent or US\$ 304,170.30 compared to the Second Quarter of FY2025, during which US\$ 541,148.70 was recorded under this category.

c) Capital Expenditure

Capital expenditure recorded no expenditure during the reporting period, consistent with the Second Quarter of FY2025, which also reported zero spending under this category.

FUNCTIONAL AND PRESENTATION (OR REPORTING) CURRENCY

The Republic of Liberia operates a dual currency regime comprising the Liberian Dollar (LD) and the United States of America Dollar (US\$), both legal Tender. The attendant Financial Regulations to the PFM Act of 2009 state that:

The Liberian dollar shall be the monetary unit of Liberia for all government agency accounting and financial reporting. United States Dollars may also be used for financial reporting, but the Liberian Dollar is the base currency.

Hence, the Financial Statements being submitted use the United States Dollar as the reporting currency, which is permitted under the attendant Financial Regulations to the PFM Act of 2009 and adopted by the Government of Liberia as its reporting currency.

TRANSLATION OF TRANSACTIONS IN FOREIGN CURRENCY

Foreign currency transactions in Liberian dollars and other foreign currencies are translated into United States dollars using the prevailing exchange rates on the dates of the transactions. Closing monetary balances are translated into the reporting currency using the closing rates. Foreign exchange gains and losses resulting from the settlement of such transactions and the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of financial performance.

For the period ended (30th June FY 2026), the exchange rate for the Liberian Dollar was 182.474 to 1 US\$.
